THE CARMEN'S STRIKE

A Mob of 500 Men Thronged the Streets of Norfolk, Va.

Cars Derailed, Wagonloads of Stones Piled on the Tracks and Free Fights Between the Military and Crowd Occurred.

Norfolk, Va., March 5.—A mob of 500 strike sympathizers thronged the streets of Norfolk Tuesday night, the main line of the Norfolk Railroad and Light Co.'s cars are run and the police were unable to cope with it from noon until after dark, when the cars, which were guarded by detachments of military and had run with difficulty all day, were hauled in the barns. In the country where the barns are the military was in control of the situation. Cars were repeatedly derailed, wagonloads of stones were piled on the tracks and free fights between the military guards and the crowd occurred during the day at frequent intervals. In one of the most serious fights a bayonet into the arm of H. H. Harman, a barber, Mrs. Harman, who was standing by her husband at the time, knocked the sergeant to the ground with both fists and discolored the face of Lieut. E. R. Gale, who was near by. Several soldiers were struck by missiles thrown through the windows of the cars. A number of arrests have been made, both by the police and military.

A conference was held Tuesday by Mayor Beaman, Police Chief Velities, Col. Higgins, commanding the Virginia regiment, eight companies of which are in service relative to placing the city under martial law. The police force of 100 men has been on duty for 48 hours and is unable to meet the emergency. It is possible that the four additional companies of the regiment and a battery of artillery will be called for in the morning to take charge of the city.

Washington, Feb. 27.—House.—The house Wednesday sent the Philippine tariff bill to conference, non-concurring in all the senate amendments. The democrats sought to amend the amendments by requiring the rate of duty on deerskins to be the same as on sheep, but all propositions were defeated.

Washington, March 1.—Senate.—The senate Friday began consideration of the report on the permanent census bill and then began consideration of the irrigation measure. For a time, later, the senate considered the omnibus claims bill, but did not dispose of it. The senate agreed to the request of the house for a conference on the Philippine tariff bill and Senators Lodge, Aldrich and Rawlins were named as the senate conferees. A joint resolution providing for the modification of the project for the improvement of the Philippine Islands was adopted. THE PRINCE'S TOUR.

After a Four-Hour Ovation in St. Louis the Visitor Left for the Windy City.

ARRIVED AMID GLARE OF RED LIGHT

Banquet Given in His Honor at the Auditorium Hotel and a Reception at the Armory.

The Chief Event of Prince Henry's Stay in Chicago Was the Grand Ball Held in the Great Auditorium.

New York, Feb. 27.—The luncheon given in honor of his royal highness, Prince Henry of Prussia, by 12 New York gentlemen and German government officials to about 100 Americans from all parts of the United States who are of eminence in the finance, commercial and industrial world, at Sherry's Wednesday was in some respects the most notable function of its kind ever held in this city.

There were 127 persons seated at 11 tables. The first being by Mr. Rice, who proposed the health of Prince Henry. It was drunk amid loud cheers, and before the banquet was over more than one-third of the guests, who had risen en masse to drink his health, had sunk into their seats, the prince was called on by his name and the health of President Roosevelt was drained in hearty fashion. Mayor Harrison then rose from his seat. "Long live the emperor of Germany," he called, holding his glass high.

It was shortly after 8 o'clock when the prince and his suite entered the carriage at the Auditorium hotel for their drive to the armory. At the armory, 6,000 people, most of them born in the fatherland or descendants of those who had been, were gathered to meet the prince. The prince entered the hall, the great orchestra of more than 100 pieces burst forth in the national anthem of Germany. While this was being played the prince and his suite were escorted to the balcony on the second floor that had been reserved for them. The prince concluded, there was another outbreak of cheers from the great throng within the walls that was echoed by the immense crowd outside.

As soon as he thought the time had arrived in which the voices of his subjects could be heard, the prince, Conductor Ehrhorn waved his baton, and with one voice the chorus started upon "The True German Heart."

At the conclusion of the song Chairman T. J. Levens read an address of welcome. The prince then made the conclusion of the address there was a renewal of the cheers and then a pause to await the reply of the prince.

The chorus, accompanied by the orchestra, then rendered "The Prayer Before the Battle" in a manner that was truly sublime.

The prince, who had been seated in the balcony, then descended to the ground where the union and confederate armies met in conflict and, leaving a fresh story of the battles, resumed his journey to the north and west. Leaving Chattanooga his train ran through a corner of Alabama and then turning to the north hurried across Tennessee with a short stop at Nashville, through Knoxville and Bowling Green, and up into Indiana to another brief halt at Indianapolis.

At Indianapolis the prince was met by a delegation of the city and the prince and his suite were escorted to the hotel. The prince then made the conclusion of the address there was a renewal of the cheers and then a pause to await the reply of the prince.

Announcements.

CONGRESS.

The friends of Rowland C. Burns beg to announce that he is a candidate for Congress in this district in 1902, subject to the action of the Republican party. He believes that a mountain man is as good as any one.

The bill to repeal the law making stockholders liable for doubling the amount of stock held in a corporation has passed both houses of the Kentucky Legislature. The elimination of this law will encourage the establishment of a great many business enterprises that would not otherwise make a venture.

The omission of Big Sandy river from the Rivers and Harbors bill was a great surprise to the people of this section, who know so well the superior merits of the project to improve this river. It is unacceptable. But fortunately, we have a true friend and able advocate in Senator S. B. Elkins, of West Virginia, who is a member of the committee having these matters in charge in the Senate. His influence is sufficient to take care of Big Sandy's interests. Our people would prefer that the entire burden should not fall upon him, but it seems unavoidable this time. The Big Sandy River Improvement Association, of which Col. Jay H. Northrup is president, will continue the fight to the last. Let all friends of the river lend every possible assistance. Everyone can do something.

A SEVERE COLD FOR 3 MONTHS

The following letter from A. J. N. Burton, of Batesville, Ind., tells its own story: "I suffered for three months with a severe cold. A druggist prepared me some medicine, and a physician prescribed for me, yet I did not improve. I then tried Foley's Honey and Tar, and eight doses cured me." Refuse substitutes. A. M. Hughes

NO APPROPRIATION.

Big Sandy is Left Out of the Rivers and Harbors Bill.

Col. Jay H. Northrup received a telegram Saturday evening from Washington City stating that the appropriations asked for Big Sandy river from the Rivers and Harbors Committee had been "turned down." This is bad news for the friends of this river, but they are not discouraged, as United States Senator Elkins is earnestly in favor of an appropriation for Big Sandy, and he has the influence to add the necessary amount to the bill when it reaches the Senate. Col. Northrup assures us that it will yet be all right and that with Senator Elkins' support, the river will get what it needs.

INEZ, KY.

On last Monday Walter Mead, son of Bill Mead, rode through a crowd of school children. His horse kicked striking little Joe Hardin, son of Jasper Hardin, Esq. Sheriff of Martin county, breaking two ribs and tearing an ear almost from his head. It is feared his injuries are serious.

Howes Kirk, the nine year-old son of lawyer M. C. Kirk, went to sleep in church Sunday night, and on waking found himself locked in the dark church. His cries brought help from a neighbor who assisted him in getting out and to his home. He declares he will not sleep in church any more.

Additional Local.

The many friends of William Porter, son-in-law of J. F. Hatten, Buchanan, Ky., will be sorry to learn that he recently sustained very severe injuries which will disable him for some time. He resides in New York City, and is one of the chief contractors on the famous East river bridge. While superintending a party of men a large wire reel, weighing about 1,200 lbs., rolled over him injuring his back very seriously, but the famous surgeon, Dr. McBurney, who performed the operation on President McKinley, says he will recover, for which his friends will most ardently hope.—Cattlettsburg Press.

Big Sandians Must Act.

Lawrence county's people were pledged by its delegates to the last meeting to pay \$100 into the Big Sandy River Improvement Association. The money is needed to defray the expenses of those who are fighting for the appropriations so much needed for this river. A portion of this has already been paid voluntarily, but there yet remains the greater part of it unpaid. Not a man has yet been asked for a contribution. The time has arrived when the money is badly needed. The business men should contribute liberally and promptly. Leave the money with M. S. Burns or M. F. Conley by tomorrow evening.

Every county in the valley should send money to W. A. Patton, Treasurer, at Cattlettsburg, immediately. Boyd county has already raised a large amount.

THE TOUCH DOES IT

Benson's Plasters are like your other friends—they hate to see you in pain or in weakness and are dog-tired hearing you complain about it. They want to cure you and send you along to your business—well and happy. They can do it and will do it. Try them on. What for? Why for any cold or cold you may be troubled with, or any lacerating pain or ache, or worry with kidney or liver. Possibly some old clutch of muscular rheumatism renders an arm or a leg worth only half price just now. For anything that makes the machine work slow and stiff, with pain maybe in the motion of it, clasp a Benson's Plaster squarely on the spot. They are the get-out-of-misery plasters—not the sort that go to sleep on your skin like a cat on a cushion. There is comfort and speedy relief in the touch of them. No other external remedy, no matter how made or how called, is worthy to live in the same street with Benson's Plasters. Pains and ailments melt away under them as a sheet of ice does under the Spring sun. You cannot forget the weather but you can always forget the effect of Benson's Plasters. It is as sure as the effect of a hot breakfast in a hungry man's stomach. But look out for substitutes. Get the genuine. All druggists, or we will prepare prescriptions on any number ordered in the United States on receipt of 25c. each. Seabury & Johnson, Mfg. Chemists, N.Y.

The Senate has passed the bill fixing May and December as the months and Cattlettsburg as the place for holding terms of the U. S. Circuit and District Courts in the Eastern District of Kentucky.

J. E. Porter, traveling salesman for an Ashland hardware house, was held up by two men and robbed near Davy, W. Va., last week. They shot at him, the ball striking some memorandum books in his vest pocket. The bullet lodged in the books and his life was thus saved. The men took his money, \$25, and his watch.

Marcus Davis and Miss Elizabeth Stafford, of Louisville, Ky., were married at the Probate office Saturday evening by Dr. Homer J. Smith. Rev. B. F. Caudill, of Russell, Ky., will not go to Columbus as was his intention, but will remain in Russell, the church having refused to accept his resignation.—Ironton Register.

The little town of Springville was the scene of a beautiful wedding March 4th, at high noon. The contracting parties were Prof. T. S. Williams who went to that place from Paintsville one year ago and who has had the principalship of the graded schools ever since, and Miss Effie Nickell at whose home the professor has been boarding. Miss Nickell is the eldest daughter of Postmaster Charles F. Nickell and has been deputy to her father for the past two years. After a short "honeymoon" trip they will settle at Springville where Mr. Williams has secured the school for another year.

William Johnson was ground to pulp by the C. & O. shuttle train yesterday morning at 9:15, in the lower part of Cattlettsburg.

He was walking west on one track. A heavy freight train was coming behind him in the same direction and he looked back and saw that it was on the track opposite to that on which he was walking. He then pulled his cap down and proceeded along the track with his head down, as though in deep thought. The noise of the freight train prevented him hearing the shuttle train, which was going east on the track upon which he was walking. Parties who was the terrible accident say that he did not raise his head until the shuttle train was very near him and whistling a series of short blasts. He turned around suddenly and looked up at freight train, he evidently thinking the whistling was being done by that engine. In this way he failed to see the shuttle at all, and it struck him just as he turned his back toward it.

The body was literally ground to pieces by the wheels of the locomotive. The man's brains were strewn along the track for a considerable distance and the body was crushed and ground to a pulp. The pieces were gathered up and an inquest was held by Coroner A. H. Moore. The verdict was that the man came to his death through no fault of the railroad company's.

Johnson was a laborer 35 years of age, and leaves a wife and five children. His home was on Cattletts Creek, near Cattlettsburg. He was a son of Cal Johnson. This was a terrible affair and a most sickening sight. It is a very sad case, and the man's family is left in an almost helpless condition.

"My daughter had a terrible cough which settled on her lungs," says N. Jackson, of Danville, Ill. "We tried a great many remedies without relief, until we gave her Foley's Honey and Tar which cured her." Refuse substitutes. A. M. Hughes

We notice by the Huntington Advertiser that the firm of Valentine and Newcomb has been changed to Valentine, Newcomb & Carter. Thos. C. Miller, State Superintendent of free schools in West Virginia, has made a ruling in reference to the Mormons holding their meetings in school houses of the state. Mr. Miller takes the stand that the Mormons are not a religious denomination, and he says that he will uphold the trustees and members of Boards of Education, where school houses are refused to these so-called ministers.—Huntington Advertiser.

Langhorn & Langhorn, of Richmond, Va., the wealthy firm of contractors who have done a great deal of railroad building for the C. & O. railroad company have returned from Pike county, Ky., where it is said they have just closed a deal for a large amount of rich coal and mineral lands. They made a trip up through that country a few weeks ago, where they made arrangements for purchasing this boundary.—Williamson West Virginian.

One of our most esteemed and highly respected citizens is dead. He passed away quietly at his home near Naugatuck on last Friday night. Mr. M. B. Thompson had been a long sufferer and life had been prolonged by the most skilled medical treatment. He leaves an interesting family and many friends to regret his loss. He was admired by all who knew him and was a quiet, model and upright citizen.—Williamson West Virginian.

The Norfolk & Western Railway Company now has an engineering corps at work surveying for a line from Dingess station to Logan C. H., a distance of ten miles. This road will open up the mammoth coal veins on Copperas mine and Island creek. It is the belief of many people that this road will be extended from Logan along the Guyan river to the mouth of Gilbert creek and down Ben creek to connect with the main line of the N. & W. at Wharfedale in Mingo county. This belief is stimulated from the fact that capitalists and coal operators from the Thacker coal field have recently purchased large boundaries of coal and timber lands on both Gilbert and Ben creeks in Logan.

If this line, which is now contemplated, is built the indications are that it will not be many years until Huntington will have a few millionaires. Huntingtontonians are the chief owners of all the lands along the proposed route.—Huntington Advertiser.

TRAVELING MEN DROWNED.

Frank Tyree and Louis Schmidt, Well Kuown in
Louisa, Drowned Near Pikeville.

THEIR BODIES HAVE NOT BEEN RECOVERED.

Frank Tyree and Louis Schmidt, two genial and popular commercial travelers, were drowned in Big Sandy river, three miles below Pikeville, last Friday at one o'clock p.m. Ed Burke, another traveling salesman, had a narrow escape from the same awful fate as he told his two friends and companions.

A number of traveling men were caught at Pikeville by the flood tide in the river. During the forenoon on Friday Messrs. Schmidt, Tyree and Burke bought a skiff and prepared to start at noon for Whitehouse, a distance of 45 miles, expecting to reach there in time to get the train Saturday for Louisa and Catlettsburg. The families of Tyree and Burke live at the latter place, and Mr. Schmidt spent Sunday in Louisa whenever possible.

At the time fixed to start, the river was very high, the current unusually swift, and the danger of the situation was increased by the fact that a great many loose saw logs were running. A number of friends endeavored to persuade them to abandon the trip, but in their anxiety to spend Sunday with loved ones they took a hopeful view of the situation and could see no great danger in the trip. They invited C. T. Role of the firm of Dixon, Moore & Co., of this place, and James Bryant, who travels for the Patton Milling Company, to accompany them, but they declined because of the risk.

The jovial trio set out upon the hazardous trip with light hearts, and with no premonition of the terrible experience that was so soon to overtake them. Friends standing upon the bank of the river at the little mountain town, as the skiff was pushed from the shore into the current of the turbulent stream were the recipients of joyous farewells. Songs of gladness fell from the lips of the happy trio as their little bark was caught up on the bosom of the raging tide and borne swiftly toward the cheerful firesides where hearty welcomes awaited them—welcome such as are found only at home.

All went well for the first three miles. There was not an accident to mar the pleasant anticipations of the three friends. But suddenly, without warning or apparent cause, a large saw log shot out in their direction striking another log and driving it against the skiff with great force. Unfortunately, just at that instant they were near a partly submerged limb of a large tree which at an ordinary stage of the river stood near the water's edge. The skiff struck this limb and was capized instantly. Mr. Burke was thrown away from the skiff. Mr. Schmidt was caught under it, and Mr. Tyree apparently had the best opportunity to escape. But instead of taking advantage of this, he first extricated Mr. Schmidt. The current was bearing them toward the middle of the river all the time, and they probably realized that the only hope was to get hold of a saw log. Tyree finally reached one and got on it, but seeing that his companion was about to drown, he pushed him partly up on a log. Mr. Schmidt fell back into the water immediately, calling for help at every breath. Like the hero that he was, Mr. Tyree continued his efforts to save his friend until he was completely exhausted, and they both went down together. The struggle lasted until they were carried 300 yards or more down the stream.

While this tragic scene was being enacted, Mr. Burke was fighting desperately for his life. He first started to swim ashore, but soon found the current toward the middle of the river so strong that he could not overcome it, so he turned and swam to a saw log, reaching it just as his strength was about exhausted. Benumbed by cold and thoroughly exhausted it was only by the most supreme effort that he finally succeeded in climbing upon the rear end of the swiftly running log. There he sat, frozen and semi-conscious, until rescued by two men a mile below the place of the frightful accident.

The only witnesses to the horrible scene were Mr. and Mrs. Keel, who live on the opposite side of the river. They were powerless to render any assistance and were forced to watch the three men throughout the awful death struggle. Mr. Keel was completely unnerved by the scene.

The day was warm and neither of the men had his overcoat on. Mr. Schmidt's dress suit case and overcoat were caught some distance below the place of accident.

These three traveling men were well known throughout this section of the State, having traveled it for several years as salesmen. They were all popular, and this terrible accident has shocked their friends and people in general as

nothing else has done for a long time.

Mr. Tyree was about 35 years of age, and leaves a wife, but no children. He married Miss Maggie Hutchinson, daughter of Rev. I. B. Hutchinson. His home is at Catlettsburg, where he owned property. He was traveling for Crump & Field, the big wholesale grocery house of Ashland. He was a genial, wholesome man, energetic and very successful. His parents live at Ceredo.

Mr. Schmidt was about 25 years of age and unmarried, but betrothed to a young lady in Louisa. He was a son of the ex-Marshall of Portsmouth, Ohio, and a young man of correct habits and the highest integrity. He had been a trusted employee of the clothing firm of Reed and Jordan, of Portsmouth, since his boyhood. He was well liked by everybody who knew him, and his untimely death has brought sorrow to all of them.

Mr. Burke, the only one who escaped, is a resident of Catlettsburg and travels for a hardware firm.

Mr. Tyree had \$1,000 insurance in the Equitable Life Assurance Society, and Mr. Schmidt was carrying \$2,000 in the same company. Mr. Tyree also had \$6,300 insurance in the United Commercial Travelers Association. It is also said he had \$3,000 in another company, making a total of \$10,300. Mr. Schmidt is reported to have been insured in the U. C. T., but we could not verify the report or learn the amount.

POOR LOUIE!

It is hard to realize that the bright, cheery young fellow whose hand we clasped but yesterday is today lying cold in death beneath the turbid waters of the pitiless river. One moment instinct with life, buoyant with hope; the next, a vain struggle with the angry torrent—then gone! None knew Louie Schmidt but to love him. Genial, kindly and courteous, he made friends wherever he went, and from all these came words of grief and sorrow because of his untimely end.

It is in vain that we seek for an answer to the ever-recurring question, "Why?" We ask it often, and just as often our reason fails us and the mystery remains unsolved. Perhaps we will understand in the beyond, but now our sore hearts are rebellious, and it is so hard to say "Thy will be done."

Homes and hearts are desolate and dark. Kindred weep and mourn for the loving, affectionate son and brother. Friends grieve in sadness, and she to whom he was all in all is bowed to earth by her weight of woe and can not be comforted. God pity them. God pity us all. May the dark river yield up its precious dead so that loving hands may give the dear boy Christian sepulture—so that when Spring, Nature's resurrection, comes again loving hands can strew his grave with the flowers he loved so well.

Mr. McKenzie, a lumber inspector from Ashland, is here inspecting and loading the lumber on the yards of the Standard Lumber Company and the Prendergast Lumber and Coal Company.

The following is taken from the Ironton Irontonian.

While no formal announcement has been made, it is known by the families and intimate friends of the principals that Mr. Harry C. Corns, of this city, and Miss Reba Lackey, of Louisa, Ky., will soon wed. The wedding will be a quiet home affair and will be witnessed by only a few persons other than the immediate families.

Mr. Corns is at present in the government service and for the past two years has been located at Louisa and Catlettsburg. He was formerly the assistant engineer at Ironton. Miss Lackey is quite well known in this city where she has frequently visited. She is talented and accomplished, and withal a young lady to be loved and admired.

SAD DEATH

Of Mrs. Florence Enslow, a Native of Our County.

Mrs. Martha McClure Enslow died at her home in Huntington, W. Va., last Monday morning at one o'clock.

Such was the startling news by which this community was shocked a few hours later.

The death was sudden and unexpected. Even those who were watching at her bedside did not realize that the end was near until an hour or two before her spirit took its flight. Though she had not been in the best of health for a year or more, there was nothing alarming about her condition. Two hours before her death she coughed violently and was thrown into excruciating pain. She told those present that the coughing had caused some kind of an internal rupture. Intense suffering continued until death brought relief. Three physicians were called, but they could do nothing for her. She was conscious and realized that death was near, and stated that she was fully prepared. Her husband, Mr. Florence Enslow, was lying in bed upstairs with typhoid fever. Shortly before the death angel came, he was carried into the room where his wife lay dying, and there followed one of the saddest farewells scenes ever witnessed. The case is made all the more pathetic by the fact that a little son only eight days old is left motherless by this death. Also, a little daughter two years of age.

The burial took place on Tuesday at Huntington. The funeral was preached by Rev. B. B. Evans, pastor of the M. E. Church, of which Mrs. Enslow was a devout and active member.

Deceased was 30 years of age, and the youngest daughter of Mr. and Mrs. George C. McClure, of Gallup, this county, one of our most prominent families. She was married just three years ago. Her life was a most exemplary one. From childhood she had been active in church work, and a more consistent and earnest christian is rarely, if ever seen. Death found her entirely ready, as it doubtless would have done at any time during many years previous. No one doubts this who knew her.

Only ten months ago her sister, Mrs. E. T. Flinn, died in Arizona, leaving a little son but a few days old. Up to that time there had not been a death in the family of their good parents for fifty years, though nine children were reared.

The surviving sisters are Mrs. O. D. Garred, Mrs. G. C. Burgess and Mrs. Dr. Atkinson. The brothers are L. T. J. P., T. S. and J. H. McClure. These and all other relatives are sorely bereaved by this great loss. To them and to the true and worthy husband who is heartbroken, the sincere sympathy of all acquaintances goes out.

Surveying Corps at Cassville.

The surveying corps engaged in locating the route for the proposed new line of the Norfolk and Western railroad from Naugatuck to Kenova moved their camps to Cassville last Monday. Their orders are to run the line to that place and await further orders. They think that they will either get orders to go on to Kenova or to go to Naugatuck and come down with the grading crew, as there does not seem to be any doubt that the work will be begun early in the spring.

The engineer in charge says that the grade down Tug river is a natural one and that the proposed new line can be built at a comparatively small cost.

The Wesley Chapel Herald of Ludlow, Ky., says:

The Pastor's wife, Mrs. Mary Lou Roberts Holt, fell asleep in Jesus Monday, Feb. 24th 1902, at the home of her father, Mr. G. R. Roberts, near Louisa, Ky. For nearly two years she was ill and for the past two weeks her life was one of intense suffering. She endured it, supported by His word and grace, and sweetly, calmly, peacefully she went home. Rev. Dr. Boreing of Bellevue, conducted the funeral, assisted by Rev. C. W. Sutton of Ashland, and Rev. G. W. Howes of Louisa, in the M. E. Church, after which the remains were laid to rest in Pine Hill Cemetery on Wednesday afternoon Feb. 26, 1902.

WASHED AWAY.

Coffer Dam at Lock No. 2, Big Sandy River, Washed Away.

The present rise in Big Sandy river has done serious damage to work at Lock No. 2, midway between Catlettsburg and Louisa. The coffer dam used for putting in the locks has been swept away. This entails a loss of several thousand dollars, as it will cost a great deal to replace it when the season arrives. The work of completing the lock will also be greatly delayed.

HEAVY SNOW

Throughout the Sandy Valley. High Water Reported Coming.

There was a very heavy fall of snow here Tuesday and Wednesday. It measured eighteen inches Wednesday when it stopped snowing. Reports from different parts of the county and from points up the river are that there was more snow there than here.

Reports from Pikeville and Williamson state that there have been heavy rain falls at both places and that Tug and Levisa forks of Big Sandy river are rising rapidly, with indications of very high water. The river at this place is rising slowly as we go to press. There is already a good stage of water here.

Railroad traffic has been badly crippled on the Big Sandy Division since the snow. On Wednesday morning it required three engines to take the passenger train to Ashland, and from that time until Thursday morning two engines were required. The freight traffic was almost entirely suspended on Wednesday. The track is now clear and trains are running regularly.

Reed & Jordan, the Portsmouth firm of which Louis Schmidt was a valued employee, has offered \$100 reward for the recovery of the body. Two searching parties are out looking for the bodies of Schmidt and Tyree, but all the weather and water conditions are against them and it is likely to be some time before they can do very effective work.
